## Art Journaling: Visual Storytelling with Leslie Wood

**Skill Level: Beginner to Advanced**  
**Friday, January 24 & Saturday, January 25, 2025; 9:00 a.m. to 4:00 p.m.**  
**\$350 members/\$400 non-members**

In this two-day workshop, students will explore the many different sides of art journals. Anything goes in an art journal from using mixed media and collage, to paint, to pen and charcoal. An art journal is a combination of visual and written imagery that captures thoughts, ideas, and images in a visual way. They can be travel logs, dream diaries, art techniques, therapy logs, storybooks, or anything. Explore fun techniques to get past blank white pages and learn techniques for working that will aid in the creation of a personal journal and begin your journey into this medium!

Leslie Wood is a mixed media artist from Lacey's Spring, Alabama. She has a bachelor's degree in Engineering, but after working for a few years, decided to go back to college and take art classes. She enrolled with the University of Alabama in Huntsville and studied photography, sculpture, and painting. Over the years she expanded her creative skills with numerous master-led classes. Her work varies from mixed media and art journaling to sculpture and jewelry making. Her recent solo exhibitions include *Dreams and Reality: The Artwork of Leslie Wood* at Carnegie Visual Arts Center and Evelyn Burrows Museum, and *The Red Clay Survey: 2020 Exhibition of Contemporary Southern Art* at the Huntsville Museum of Art.

An avid art journaler, her journal work has been published numerous times in Somerset Studio's *ART Journaling* magazine including features in the Summer and Fall 2021 issues. You can find her work at local shows such as Monte Sano Art Festival and Panopoly Arts Festival. For more information, visit [lesliewoodarts.com](https://lesliewoodarts.com).

# Master Artist Workshops

## Suggest Rather than Render with Dan Graziano

**Skill Level: Beginning to advanced painters in both oil and acrylic mediums. Proficiency in basic drawing is required.**  
**Thursday, August 7 – Saturday, August 9, 2025; 9:00 a.m. to 4:00 p.m.**  
**\$650 members/\$700 non-members**

This three-day workshop will focus on painting “alla prima” (all at once) as well as developing greater skills of observation, simplification and quickly painting “wet on wet.” Most importantly, we will discuss how thoughtfully and purposely “suggesting” and editing the elements of a composition – rather than simply “rendering” every detail of your reference – will create a stronger, more compelling and “painterly” painting.

Each day of the workshop will include a short painting demo by Dan with explanation of his process including plenty of question/answer and one-on-one individual instruction throughout the day. Participants are encouraged to bring their own photos to paint from or may choose from photo resources brought by the instructor. The workshop begins with a brief discussion of oil painting basics (from materials to paint handling) and will also address the fundamentals of color, value, edges, perspective and other “practical” elements related to successful painting.

Graziano is an award winning, nationally exhibited artist whose paintings capture the hidden beauty found in the ordinary and unexpected fleeting moments of everyday life. Incorporating dramatic light, shadow, color and perspective, his compositions feature a diversity of subjects: still life, rugged coastlines, active urban life, lively cafes and bars, small rural towns and forgotten roadside relics. His work has been featured in numerous publications and is in the collections of private and corporate collectors throughout the world. For more information, visit dangrazianofineart.com.

## Capturing Radiant Light in Your Paintings in Oil or Acrylic with Michael Story

**Skill Level: Beginner to Advanced**  
**Thursday, September 11 – Saturday, September 13, 2025; 9:00 a.m. to 4:00 p.m.**  
**\$575 members/\$625 non-members**

Master your ability to capture radiance in your paintings and join South Carolina artist Michael Story for this four-day landscape painting workshop. Michael will explain and demonstrate the fundamentals of building radiant color by applying complementary and analogous color combinations. Color charts and simple exercises will be made easy and can be kept for future color reference after the class is completed. We will use effective underpainting and layering of color in trees, grasses, sky and water to create interest and authenticity in our subject matter. The workshop begins with an I-Pad step-by-step presentation showing a progression of Michael's painting techniques from start to finish. Students begin their paintings with an initial charcoal drawing, followed by a color wash applied over the image. Starting with rich shadow colors, you'll begin blocking in your painting, then progressing dark to light to completion. Building final layers of color and avoiding muddy mixtures, you'll achieve fresh, bright, radiant color while capturing depth and drama to your work.

Michael Story earned a BFA in Fine Art from the University of South Carolina in 1976. He later traveled to New York, studying pastel and oil painting under internationally known artist Daniel Greene. Today, he is an award-winning artist who regularly teaches pastel and oil painting. His paintings have been reproduced by major publishers and distributed worldwide. ## CHARCOAL: Expressive Mark Making, A Painter's Approach to Drawing with Gary Chapman

**Skill Level: All skill levels are welcome.**  
**Thursday, August 21 – Sunday, August 24, 2025; 9:00 a.m. to 4:00 p.m.**  
**\$525 members/\$575 non-members**

Students will explore charcoal as the perfect drawing medium for expressive mark making. Develop a personal approach to loose, aggressive mark making with a combination of additive and subtractive techniques using charcoal and erasers for mark making and developing grounds. Charcoal will be the primary medium, but students will be encouraged to combine other media such as conte crayon and spray paint. The class will focus upon mark making as it relates to abstraction; later students may opt to explore the different ways these same techniques can be applied to observational drawing for a fusion of abstraction and realism.

Gary Chapman is a Professor of Art - Drawing and Painting at the University of Alabama at Birmingham and has had over 60 solo exhibitions with institutions such as The Arts Center of St. Petersburg, Florida and the Indianapolis Art Center. He has participated in national and international exhibitions, and his paintings have been purchased for numerous museums, corporate and private collections. He has a MFA from Cranbrook Academy of Art and BA and BS, Berea College.

In 2013, Chapman was awarded and named a CALL Legacy Artist by the Joan Mitchell Foundation. In 2008 his work was selected and published in the book *Alabama Masters: Artists and Their Work*. He has received numerous grants and fellowships and his work has been reviewed extensively and is published in over 20 catalogs and books.
